ABOUT ME

A passionate full-stack developer with experience in front-end and back-end technologies, including React, Node.js, Spring Boot, and PHP. Skilled in building efficient and scalable web applications. Currently applying my skills in a professional environment while seeking further opportunities in the software industry to grow as a Software Engineer.

EXPERIENCE

Trainee Software Engineer
eArrow Pvt Ltd, Sri Lanka

April 2025 – Present

- Building and maintaining scalable web applications using PHP, HTML, CSS, JavaScript, and the CodeIgniter framework within an MVC architecture.
- Enhancing core projects including:
 - Internal Customer Relationship Management (CRM) for eArrow.
 - Higher Education Management Systems for Universal College Lanka (UCL), Center for Banking Studies (CBS), and Sri Lanka Institute of Tourism and Hotel Management (SLITHM).
 - Human Resource Information System (HRIS) for Human Resource Management Institute (HRMI).
- Collaborating in Agile sprints, contributing to planning, development, and user acceptance testing (UAT).
- Participating in technical discussions, QA testing, and UI/UX enhancements to ensure project quality and performance.

Software Engineering Intern
eArrow Pvt Ltd, Sri Lanka

October 2024 – March 2025

- Assisted in developing and deploying PHP-based web solutions using the LAMP stack (Linux, Apache, MySQL, PHP).
- Contributed to backend development, API integration, and data visualization features for internal and client-based systems.
- Supported multiple projects including CRM, HRIS, and Higher Education Management Systems (UCL, CBS, SLITHM).
- Gained hands-on experience in version control (Git), Agile development, and collaborative software delivery processes.

EDUCATION

Bachelor of Science (Honors) in Software Engineering
University of Kelaniya, Sri Lanka

2022–Present

- GPA: 3.6/4.0
- Coursework: Data Structures and Algorithms, Database Systems, OOP, Web Development, SOLID Principles, Information Security, Mobile Application Development
- A strong foundation in software engineering, applying theory to real-world projects.

PROJECTS

Blog Master (Blog Posting App)

- Technologies: React, Express, Node.js, MongoDB
- Developed a full-stack blog app with JWT authentication, SMTP email verification, and AWS S3 image uploads.
- Added multi-layer data validation for security and user experience.
- GitHub Front-end: github.com/peheliyanavod/Blog-API
- GitHub Back-end: github.com/peheliyanavod/Blog-App

PetShop (E-commerce Website)

- Technologies: React, Spring Boot, PostgreSQL
- Co-developed an e-commerce platform with user management, admin panel, cart, and secure payments.
- GitHub: github.com/bhashana99/petShop

Books Information System

- Technologies: React, Express, Node.js, MySQL
- Created a CRUD app for book records with a secure login system.
- GitHub: github.com/peheliyanavod/crud

Portfolio

- Technologies: React, Tailwind CSS
- Designed a portfolio site with CV download feature, hosted on Vercel.
- Website: react-portfolio-gray-chi.vercel.app
- GitHub: github.com/peheliyanavod/React-Portfolio

PickMatch (E-commerce Website)

- Technologies: HTML, CSS, JavaScript, PHP, MySQL
- Developed a cricket equipment e-commerce site with user login, shopping cart, admin panel, and payment features.
- GitHub: github.com/peheliyanavod/PickMatch

SKILLS

Technical Skills

- **Front-End Development:** HTML, CSS, JavaScript, React.js, Tailwind CSS
- **Back-End Development:** Node.js, Java, C, PHP, Spring Boot, Express
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Software Tools:** Git, GitHub, Postman
- **Design Tools:** Figma, Canva

Soft Skills

- Effective Communication
- Problem Solving
- Adaptability
- Teamwork and Collaboration
- Time Management and Attention to Detail

EXTRACURRICULAR ACTIVITIES

- Subcommittee Member, IEEE WIE Student Branch, University of Kelaniya 2023–Present
- Participant, PyHack hackathon (2023)
- Participant, Junior-Hack hackathon (2022)

CERTIFICATIONS

- Introduction to Cloud 101 from Amazon Web Services (AWS) (2025)
- Getting Started with Compute from Amazon Web Services (AWS) (2025)
- MERN Stack Course, Udemy (2024)
- Figma Course, Udemy (2023)
- Certified in Java and Python Programming (2021)
- Diploma in ICT, Institute of IT Education, Sri Lanka (2017)
